Revamping of
Training Facilities

NEW LOOK OF TRAINING OASIS

The HKIAAC is going to revamp its training facilities in two phases. The 1st phase, from Sep 2024 to Jan 2025, will transform the 4/F classrooms into the HKIAAC's new office, while the existing office on 6/F will be relocated. In the 2nd phase, new training facilities will be built on 6/F. By Oct 2025, the entire project will be completed, revealing a stunning new look.

WHAT WE DID

The ICAC, the HKIAAC and the IAACA form a powerful tripartite partnership. It aims to build a graft-free world and foster international anti-graft cooperation. Last month, we have joined hands for the first time to co-host an anti-graft experience sharing programme for overseas graft-fighting counterparts. We also conducted the first joint training course with three local financial regulators and concluded a two-day programme for the local banking sector.
